## **Introduction**

Every product you count on, from your laptop to your car, navigates a network of supply chain operations, ensuring it reaches you at the right moment, place, and price. No Supply Chain, No Stuff, No Business...

Interestingly, 37% of all the jobs are related to Supply Chain Management.

Why...?

Because Supply Chain Management covers a broad umbrella of critical functions:

- Planning
- Procurement
- Operations
- Warehousing
- Distribution
- Logistics

And in today's world, supply chains are at the forefront of transformation.

- Traditional systems to cutting-edge digital platforms
- Local business perspective to global
- Human-based decision making to data-driven technology-based decisions
- E-commerce

Are you ready to embark on a journey in the critically important field.
