## **Overview**

The Department of Pharmacy Practice is committed to equip students with foundational knowledge and skills essential for effective patient care and medication management. The curriculum of the Department of Pharmacy Practice highlights the vital role of pharmacists in healthcare, concentrating on clinical pharmacy, therapeutic decision-making, and effective patient communication. Through a blend of classroom instruction, hands-on experiences, and collaborative practice opportunities, we aim to cultivate competent practitioners who can adapt to the evolving healthcare landscape.

## **Vision**

The Department of Pharmacy Practice aims to be recognized as a leader and innovator in pharmacy education and research. Our pharmacy graduates will provide high-quality, evidence-based, patient-centered pharmaceutical care. We dream to advance pharmaceutical care delivery through innovative research evidence and compassionate patient-centered care.

## **Mission**

Our mission is to advance pharmaceutical care delivery by preparing students to conduct innovative research that generates evidence-based solutions. We aim to empower future pharmacists with the knowledge and tools needed to improve patient outcomes and foster a collaborative healthcare environment. Through ongoing education, interdisciplinary partnerships, and a commitment to empathy, we aim to transform the practice of pharmacy and ensure that every patient receives the highest standard of care.
