Vision

To be a leading center of excellence in accounting, finance, actuarial science, and financial technology education and research, producing graduates who are well-equipped to excel in the global financial landscape and drive innovation in their respective fields.

Mission

To provide a rigorous and comprehensive education in accounting, finance, actuarial science, and fintech, equipping students with the knowledge, skills, and ethical framework necessary for professional success. We aim to foster critical thinking, innovation, and practical problem-solving through a blend of theoretical and hands-on learning experiences. Our mission includes conducting impactful research, engaging with industry partners to ensure curriculum relevance, and creating an inclusive environment that supports personal and professional growth.
