

**<https://shu.edu.pk/linkage-placement/graduate-directory/>**

## **Graduate Directory**

**Keeping in view industry recruitment practices, the Career Placement and Industrial Liaison Office develops a Graduate Directory for the final year students of all academic programs at Salim Habib University (SHU). Graduate Directories serve as a depository of information for recruitment by potential employers to shortlist candidates from a pool of skillful graduates from Management Sciences, Biosciences, Pharmacy, Engineering and Information Technology. Furthermore, they serve as a record of the alumni base. A Graduate Directory contains resumes of all graduating students at the University**

and is mainly distributed to different employers for job placement purposes. This practice also enables us to create a presence in the corporate sector.
