**Introduction**

The Pharm.D. program at Salim Habib University prepares students for diverse roles in clinical, industrial, and entrepreneurial pharmacy through evidence-based learning and hands-on training. Our curriculum emphasizes the development of professional, ethical, and community-centered healthcare services.

With a strategic vision to strengthen academic excellence, students benefit from specialized departments, advanced laboratories, and industry-aligned sessions and interdisciplinary projects to foster innovation.

Pharm.D. is a five-year degree program focusing on pharmaceuticals, pharmaceutical chemistry, pharmacognosy, basic medical sciences and pharmacy practice. Our state-of-the-art facilities, including simulation labs and industry-grade equipment, offer real-world exposure and skill enhancement. Work placements further enrich the learning experience, bridging academic knowledge with professional application.

Become part of a dynamic and future-focused program that equips you to lead in global healthcare and pharmaceutical industries.
