SHU Research Grant

The universities are recognized by their research and its quality, impact on society and economic development. Considering the importance of research and to motivate the faculty members; to propagate research culture among the faculty members to conduct quality research, SHU has allocated special funds from its own resources.

This research grant provides a platform for academicians to submit small research projects to win research funding from SHU, on competitive basis. The detail of the research grant policy is included in ORIC handbook.
