About

The Student Affairs department provides full support to students in a number of ways in order to ensure that your stay at the University is memorable, comfortable, and valuable, and that you enjoy both your academic and student life, as we believe that an enjoyable university life is crucial for student success. Student Affairs is in charge of overseeing various programs and administrative policies and providing a range of services to students, with the goal of making your campus life a vibrant, fulfilling, and active one.

As an inclusive student-centered University, SHU encourages all students to work towards shaping your own university experiences. You will be given every opportunity to become an active, contributive member of the University community, be it through participation in sports, recreational activities, student clubs and societies, or any of the numerous events we hold. We take extra-curricular and cocurricular activities seriously as we are committed to providing a university experience that broadens your horizons and ensures that you become a fully engaged member of our dynamic community, and thus emerge as a well-rounded, capable individual when you graduate.

Vision

Our vision is to aid students in achieving excellence and obtaining their educational objectives by helping them resolve any academic and administrative issues they face on campus. We want to enhance their knowledge, skills, and experience so they can evolve into better human beings and more productive members of society.

Mission

Our mission is to provide quality support services and programs to enrich student experience with the end-goal being the achievement of academic excellence, development of professional skills, and mental and physical well-being.

Student Life

We heartily welcome all our students and aim to connect and engage with them and support them through the various programs and services we offer. We hope that student life at Salim Habib University is dynamic, engaging, and fulfilling in a way that helps develop students' personalities, helps them become self-aware, and creates in them the willingness to contribute to the well-being of the university community and society at large.

There are many student societies and clubs set up at the University that build collaboration and friendship amongst students, promote their physical and mental wellness, add to their professional growth, and most importantly, make sure that they have fun. Our international standard sports facilities encourage students to remain active and healthy and to interact with each other. Also, our student organizations encourage students to take on leadership roles and give them exposure, and our vibrant campus life ensures that students' stay at the University is memorable, pleasant, and enjoyable, along with a great learning experience.

Your university experience should not just consist of attending

lectures and obtaining a degree. It is supposed to be about building a second home on campus and finding a family in the university community that you learn, grow, play, and lead with. It is stepping out of your comfort zone and seeing the world with a new perspective. The whole Salim Habib University experience is defined by the life-long social connections and memories that you make outside of the lecture hall, and the Student Affairs department is here to provide you with every opportunity to make sure that you do so and to leave no stone unturned to keep you connected, engaged and inspired.
